

**Revenues From School-Owned Real Estate**

At the recommendation of the Superintendent and with the approval of the School Committee, the District may rent or lease District facilities provided, however, that such joint occupancy shall not interfere with educational programs being conducted in said building. The monies received from such rental or lease may be used to fund District expenses.

As space becomes available in school buildings in actual use, the School Committee may make available for rental or lease such surplus space as allowed by law.
