

Buildings and Grounds Inspections

The Superintendent or designee shall schedule an annual safety inspection. Whenever possible this inspection will be conducted in conjunction with the Town of Harvard officials and insurance inspectors. Inspections shall include but are not limited to:

1. Boilers and furnaces
2. Water heaters
3. Fire fighting equipment
4. Fire exits and evacuation route notices
5. Outside lighting
6. Physical condition of driveways, curbs, etc.
7. Signage

Reports of inspections and any recommendations resulting there from shall be made to the Superintendent and shared with the School Committee as appropriate.

APPROVED: February 11, 2008
