MASC Leadership Awards & Life Member Banquet
The MASC Resolutions Committee met on Monday, July 9, 2018 to consider resolutions proposed by member districts and the MASC Board of Directors for consideration at the 2018 Annual Meeting of the Association. Members present were: Devin Sheehan (Holyoke), Chair; Beverly-Hugo (Framingham), ex officio; Carrie Greene (Mt. Greylock); Irene Feliciano-Sims (Holyoke), Mildred Lefebvre (Holyoke); Jake Oliveira (Ludlow); Jason Fraser (Plympton); Brian O’Connell (Worcester); Laura Fallon (Northampton); William Fonseca (East Longmeadow); Brendan Walsh (Life Member); Kim Hunt (Plymouth); Denise Schultz (Franklin).

The following resolutions were moved forward by the Resolutions Committee and approved by the Board of Directors.

RESOLUTION 1: Rejecting the Arming of Educators
(Submitted by the MASC Board of Directors)

WHEREAS: The Massachusetts Association of School Committees has been a strong advocate of providing students, faculty and staff a safe and supportive school and classroom; and

WHEREAS: Attention has been focused recently on the mass killings of students in schools in Florida and Texas; and

WHEREAS: The President of the United States and other policy makers have given support toward arming educators with firearms;

THEREFORE BE IT RESOLVED that: The Massachusetts Association of School Committee rejects the notion of providing firearms to any educators.

RATIONALE: The safest environment would be to provide additional mental health resources and violence prevention programs in public schools.

RESOLUTION 2: Small and Rural Districts
(Submitted by the MASC Board of Directors)

WHEREAS: Massachusetts has a number of small and rural school districts that have special academic, social, financial, and operational needs, and, yet, operate with an enviable measure of success; and

WHEREAS: Some of the factors that create disproportionately severe impact upon small and rural districts are declining population, lower bases upon which to set property taxes, loss of employment, inequitable access to technology including wireless and traditional internet access, costs of transportation, access to social supports and major health care centers, and isolation of the population; and

WHEREAS: The already onerous compilation of state regulations imposes an added burden on small and rural districts with small staffs and fewer administrators to comply with the many reporting requirements and standards imposed by the Commonwealth;

THEREFORE BE IT RESOLVED that: MASC call for the creation of a working group to advise the legislature on the best public policy solutions to support small and rural school districts; and further

That this working group propose modifications to the Foundation Budget and other elements of the Chapter 70 financial assistance program; designate specific instances where excessive regulation interfere with the ability of school leaders to direct the academic improvement of children; identify and advise on eligibility for state and federal programs to support public education; and find strategies to ameliorate the impact of forces that jeopardize the growth, stability and success of these school districts; and further

MASC oppose legislation or unlegislated regulations that would attempt to undermine the right of any city, town or regional district to have imposed upon it a mandate to restructure, expand, regionalize, or dissolve its school district without its consent.

RESOLUTION 3: Elimination of the Federal Department of Education
(Submitted by the MASC Board of Directors)

WHEREAS: The current Administration has made proposals to merge the U.S. Department of Education with the U.S Department of Labor to create the Department of Education and the Workforce; and

WHEREAS: The role of the Department of Education is to serve as a fiduciary agent over federal education funding, drive education policy for the country and protect the rights of all students; and

WHEREAS: The merger of the two government agencies could diminish the work of the current Education and Labor Department;

THEREFORE BE IT RESOLVED that: the Massachusetts Association of School Committees works with the federal delegation to reject any notion of combining the U.S. Department of Education with other government departments.

RESOLUTION 4: Regional School Transportation
(Submitted by the MASC Board of Directors)

WHEREAS: Among the transportation cost concerns for regional school districts is the lack of competition for bus contracts for regular day ("yellow bus") services, as well as the steadily mounting cost for special education transportation; and
WHEREAS: M.G.L. c. 71, § 7C prohibits certain uses of regional transportation authorities to provide school district transportation services; and

WHEREAS: Elimination of M.G.L. c. 71, § 7C would free the Regional School Districts and Regional Transportation Authorities to collaborate on plans to provide safe and efficient transportation alternatives that lessen the financial impact on the both the districts and the Commonwealth; and

WHEREAS: The lack of bidders on school transportation contracts requires a deeper analysis by the appropriate state officials;

THEREFORE BE IT RESOLVED that: To promote greater competition for bus service contracts, the Legislature should eliminate M.G.L. c. 71, § 7C, and authorize a deeper analysis of the lack of bidders on school transportation contracts.

RESOLUTION 5: Reporting and Accountability Standards (Submitted by the MASC Board of Directors)

WHEREAS: The Massachusetts Association of School Committees recognizes and upholds the right of any group to establish and maintain schools so long as such schools are fully financed by their own supporters; and

WHEREAS: Private and home schools should be subject to governmental regulation that assures a minimum standard of instruction under state law; and

WHEREAS: Private schools or other entities that receive public subsidies, funding, or support under state or federal law, whether directly or indirectly, should be held to the same reporting and accountability standards, including the same annual assessments of student proficiency, required of public schools as a condition of continued eligibility to receive public subsidies or funding; and

WHEREAS: Schools that receive any public funding should be subject to the same statutory and constitutional requirements as public schools;

THEREFORE BE IT RESOLVED that: the Massachusetts Association of School Committees works with the legislature and Board of Elementary and Secondary Education to ensure that all students or persons in schools that receive public funds under the authority of the MA Department of Elementary and Secondary Education or a local public school district are held to the same standards and requirements in the Commonwealth of Massachusetts.

RESOLUTION 6: Reproductive Health Education (Submitted by the MASC Board of Directors)

WHEREAS: The Massachusetts Association of School Committees supports the health of all students; and

WHEREAS: Youth should be committed to feel empowered to make healthy and informed choices about their bodies and their relationships; and

WHEREAS: The Massachusetts Association of School Committees supports a medically accurate and age-appropriate reproductive health curriculum; and

WHEREAS: The Massachusetts Association of School Committees rejects the federal government’s plans to redirect funding from evidence-based programs to prevent teen pregnancy to programs that teach abstinence-only and rhythm method-based sex education initiatives;

THEREFORE BE IT RESOLVED that: the Massachusetts Association of School Committees supports evidence-based reproductive health curricula. Further, we call upon the U.S. Department of Education and the Executive Branch to stop their support of abstinence-only education.

RESOLUTION 7: Gender Identity Inclusive Athletic Participation Policy (Submitted by the Framingham School Committee)

WHEREAS: Public school leaders need to provide educational access and maintain safe environments for all, including LGBTQ students; and

WHEREAS: All students must be protected from discrimination, harassment and bullying; and

WHEREAS: LGBTQ students experience adverse incidents at alarming rates compared to their counterparts; and

WHEREAS: It is the job of the schools to provide safe and supportive environments for optimal wellbeing; and

WHEREAS: There are instances in athletics where LGBTQ students do not have protection nor the opportunity for privacy;

THEREFORE BE IT RESOLVED that: MASC help file legislation which would have the effect of protecting LGBTQ students from discrimination, harassment and bullying by that schools should treat students based on their gender identity, protecting their privacy, providing access to gender-neutral restrooms, locker rooms and private stall showers, using their preferred pronouns, embedding sensitivity training in professional development and providing uniform accommodations.

RATIONALE: The at-risk behavior for LGBTQ students, which includes suicidal ideation, is sharply reduced with some basic interventions. With federal laws that are vague with the protections for our vulnerable students, public schools in Massachusetts should take steps to ensure their protection. With guidance from the legislature, LGBTQ students throughout Massachusetts will have better protections and will have reduced adverse behaviors.
RESOLUTION 8: Sports Wagering
(Submitted by the MASC Board of Directors)

WHEREAS: The General Court, in its effort to fund public education to the full extent of the law, including partially funded and unfunded mandates imposed upon school districts, is limited in its ability to do so by the limits to revenues generated from the current tax codes; and

WHEREAS: Advocates for public education have articulated several important strategies to improve public schools, many of which require additional funding appropriated by the General Court; and

WHEREAS: The Commonwealth has begun implementing casino gambling as a means of generating additional tax revenues; and

WHEREAS: In Nevada, sports wagering has provided an additional element to legalized gambling that has generated additional revenue; and

WHEREAS: A recent decision by the Supreme Court of the United States (Murphy vs. National Collegiate Athletic Association) has overturned federal restrictions on wagering on the outcome of sporting events; and

WHEREAS: The Commonwealth has had a long and successful history of administering a public lottery program that is convenient, accessible, and locally based, as well as easily adaptable to accommodating wagering;

THEREFORE BE IT RESOLVED that: the Massachusetts Association of School Committees requests that, should the General Court enact legislation to legalize wagering on sporting events, the General Court shall commit a portion of the revenues generated from sports wagering to public education.

RESOLUTION 9: Access to Information for Parents and Students Who Are Clients of Special Education
(Submitted by the MASC Board of Directors)

WHEREAS: The Individuals with Disabilities Education Act (IDEA) is a law that makes available a free appropriate public education to eligible children with disabilities throughout the nation and ensures special education and related services to those children; and

WHEREAS: In the law, Congress states that Disability is a natural part of the human experience and in no way diminishes the right of individuals to participate in or contribute to society. Improving educational results for children with disabilities is an essential element of our national policy of ensuring equality of opportunity, full participation, independent living, and economic self-sufficiency for individuals with disabilities.

WHEREAS: The stated purpose of the IDEA is to ensure that the rights of children with disabilities and parents of such children are protected, to ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services; and

WHEREAS: Parents are also members of the team during the IEP process and should but do not always have access to the assessments and other information related to their child(ren) with sufficient advance time to review them, consult with experts or advocates, or prepare for meetings at which Individual Education plans are discussed;

THEREFORE BE IT RESOLVED that: MASC urges the legislature to amend state law to require that parents and students be provided with a copy via email or mail of all the assessments that are performed for students in the families’ preferred language, at least five days prior to any meeting at which parents and students will review a proposed Individual Education Plan (IEP).

PROPOSAL TO AMEND THE MASC BY-LAWS

The Board of Directors of the Association has recommended to members that the by-laws of the Association be amended as follows:

The following change to Article IX—Meetings of the Association, Subsection 1. Annual Meeting

The annual meeting of the Association, to be known as the Delegate Assembly, shall be held at such hour on such business day, not earlier than September 20 nor later than November 30, in each year and at such place within Massachusetts as the Board of Directors shall determine. Resolutions and other purposes for which an annual meeting is to be held additional to those proscribed by law, by the agreement of the association, and by these by-laws may be specified by the Board of Directors and by written application made to the Secretary-Treasurer not later than July 1 in any year by at least five active members located in at least two Divisions. Resolutions submitted by a single school committee may be presented to the Delegate Assembly upon approval by the Board of Directors, on the recommendation of the Resolutions Committee. If an annual meeting is not held within the dates specified above, a special meeting may be held upon call by the Board of Directors with all the force and effect of an annual meeting.

The Board asks to amend the by-law by changing the July 1 date (noted in the text in bold face) to no later than June 1.

Rationale: Moving the submission date of resolutions to June 1 will give adequate time for the resolutions committee to meet and report out. It also aligns with the submission date for nomination of officers.

QUESTION 3: Referendum on an Existing Law

Transgender Anti-Discrimination

Do you approve of a law summarized below, which was approved by the House of Representatives and the Senate on July 7, 2016?

SUMMARY ▶ This law adds gender identity to the list of prohibited grounds for discrimination in places of public accommodation, resort, or amusement. Such grounds also include race, color, religious creed, national origin, sex, disability, and ancestry. A “place of public accommodation, resort or amusement” is defined in existing law as any place that is open to and accepts or solicits the patronage of the general public, such as hotels, stores, restaurants, theaters, sports facilities, and hospitals. “Gender identity” is defined as a person’s sincerely held gender-related identity, appearance, or behavior, whether or not it is different from that traditionally associated with the person’s physiology or assigned sex at birth.

This law prohibits discrimination based on gender identity in a person’s admission to or treatment in any place of public accommodation. The law requires any such place that has separate areas for males and females (such as restrooms) to allow access to and full use of those areas consistent with a person’s gender identity. The law also prohibits the owner or manager of a place of public accommodation from using advertising or signage that discriminates on the basis of gender identity.

This law directs the state Commission Against Discrimination to adopt rules or policies and make recommendations to carry out this law. The law also directs the state Attorney General to issue regulations or guidance on referring for legal action any person who asserts gender identity for an improper purpose.

The provisions of this law governing access to places of public accommodation are effective as of October 1, 2016. The remaining provisions are effective as of July 8, 2016.

WHAT YOUR VOTE WILL DO

A YES VOTE would keep in place the current law, which prohibits discrimination on the basis of gender identity in places of public accommodation.

A NO VOTE would repeal this provision of the public accommodation law.

STATEMENT OF FISCAL CONSEQUENCES

The proposed repeal of the existing law has no discernible material fiscal consequences for state and municipal government finances.
QUESTION 3: Referendum on an Existing Law

ARGUMENTS

IN FAVOR: Vote YES to keep in place current law that:
- Keeps Massachusetts welcoming and fair.
- Prevents discrimination in places like stores, restaurants, and hospitals.
- Protects transgender youth and adults.
- Lets transgender people go about their daily lives, including in restrooms, which we all need to use.

We all value safety and privacy, including transgender people. This law has been in place for two years with no increase in public safety incidents. Harassing people remains illegal, and those who commit crimes are still prosecuted.

That's why experts who support the law include:
- Law enforcement, including the Massachusetts Chiefs of Police Association and Massachusetts Major City Chiefs of Police.
- Women's organizations and the Massachusetts Coalition Against Sexual Assault and Domestic Violence.
- The Massachusetts Parent-Teacher Association.

Transgender people are our neighbors, coworkers, and friends who contribute to our thriving communities. A YES vote upholds basic values of fairness, dignity, and respect for all.

AGAINST: Voting NO repeals the "Bathroom Bill" law and prevents men from entering women's bathrooms, locker rooms, dressing rooms, and intimate spaces. The law violates the privacy and safety of women by allowing any man identifying as a woman, including convicted sex offenders, to share women's facilities. Under the law, any attempt to block a man from entering the women's locker room, dressing room, or bathroom could result in individual penalties of up to $50,000 and a year in prison. Businesses are also affected, like a female spa owner who faced a discrimination claim for declining to wax the genitals of a man identifying as a woman. No law should make women and girls feel unsafe and exploit their privacy and security. The MA Legislature passed a law that goes too far, even refusing to include a provision to exclude convicted sex offenders. A NO vote protects women's privacy and safety.

Fiscal Management Priority Objectives

The Budget of the District should provide adequate funding for the educational programs and supporting infrastructure.

The operating budget for the School District is the single largest component of the Town budget. The School Committee and Superintendent recognize that careful development of the budget and subsequent careful management of the budget is essential to the overall fiscal governance of the Town. The District will operate according to generally accepted accounting principals.

The Superintendent is charged by the School Committee to develop an annual operating budget, including all sources of revenue and expense, and a net Omnibus Budget for School Committee approval and in sync with the development of the town wide budget. School Committee and Superintendent will endeavor to support passage of the omnibus budget at Town Meeting. Superintendent will monitor spending on a monthly basis, and notify School Committee of any material variance to the Approved Omnibus Budget or other budget element. Superintendent will regularly forecast end-of-year financials and keep School Committee informed of any material variance. Superintendent will recommend corrective actions to School Committee for approval in the event of variances or changes in the operations of the District. Superintendent will provide an End-Of-Year report to the School Committee.
