SCHOOL COMMITTEE MEMBER ETHICS
(Massachusetts Association of School Committees Code of Ethics)

Preamble

The acceptance of a code of ethics implies the understanding of the basic organization of School Committees under the Laws of the Commonwealth of Massachusetts. The oath of office of a School Committee member binds the individual member to adherence to those state laws which apply to School Committees, since School Committees are agencies of the state.

This code of ethics delineates three areas of responsibility of School Committee members in addition to that implied above:

1. Community responsibility
2. Responsibility to school administration
3. Relationships to fellow Committee members

A School Committee member's in their relations with the community should:

1. Realize that their primary responsibility is to the students.
2. Recognize that their basic function is to be policy making and not administrative.
3. Remember that they are one of a team and must abide by, and carry out, all Committee decisions once they are made.
4. Be well informed concerning the duties of a Committee member on both a local and state level.
5. Remember that they represent the entire community at all times.
6. Accept the office as a Committee member as means of unselfish service with no intent to "play politics," in any sense of the word, or to benefit personally from Committee activities.

A School Committee member's in their relations with school administration should:

1. Endeavor to establish sound, clearly defined policies which will direct and support the administration.
2. Recognize and support the administrative chain of command and refuse to act on complaints as an individual outside the administration.

3. Give the chief administrator full responsibility for discharging professional duties and hold the administrator responsible for acceptable results.

4. Refer all complaints to the administrative staff for solution and only discuss them at Committee meetings if such solutions fail.

A School Committee members in their relations with fellow Committee members should:

1. Recognize that action at official meetings is binding and that one alone cannot bind the Committee outside of such meetings.

2. Realize that they should not make statements or promises of how they will vote on matters that will come before the Committee.

3. Uphold the intent of executive sessions and respect the privileged communications that exists in executive sessions.

4. Not withhold pertinent information on school matters or personnel problems, either from members of their own Committee or from members of other Committees who may be seeking help or information on school problems.

5. Make decisions only after all facts on a question have been presented and discussed.

The Subcommittee will bring back information and data collected to the Committee at a later date. School Council met and the group is looking to form 4 subcommittees this year. In prior years there have been 2 subcommittees, climate and handbook, and this year 2 additional subcommittees are being proposed. The Career Inspirations Subcommittee which will provide resources to help students know about various careers and invite folks from different career paths to come into the school and talk to the students and give them information. The Balance Subcommittee relates back to the vision statement and also relates to current news regarding student stress and anxiety. The subcommittee would look at what is causing the stress and trying to make changes to alleviate some stress.

**Jon Green** – nothing to report from SEPAC.

**Maureen Babcock** reported that the Mass Development Board of Directors met on October 12th, and Maureen updated the Board on education including contract/continuity, the 1:1 to world technology initiative, the MSBA partnership to build a new school, partnership with Harvard, and the survey. Maureen Babcock shared the Devens Educational Advisory Committee newsletter.

**SusanMary Redinger** reported that CPIC met last Monday and withdrew the conservation project request. They approved the DPW lift and voted to approve the old library access as a debt funded project. Both will be put in front of the voters on November 6th. All capital request submitted by the School Committee went through as well as other department projects, but not all requests will be approved. Capital projects will be reviewed with School Committee and CPIC in early December. Finance Committee will meet next week.

**Mary Traphagen** reported that the Student Advisory met with School Committee and discussed dress code, the technology roll, the new cell phone policy and the start of school. Students are fine with the dress code changes and were only concerned that dress code violations should be kept private. Students main concern with the technology roll out was that in the spring they were told they could choose to use their home or school device, but that changed and they are required to use a school device only. Students said there is a wide variety in the amount of technology teachers are using. Books and binders have not been decreased yet. Students are not familiar with the SAMR model. Students feel that they should be able to use their phones for texting during the day. Students feel like that right should not be taken away. They are not able to text out schedule changes to their parents. Students felt that the start of school went smoothly. The technology roll-out could have gone smoother. HES School Council and Josh went over the budget process. There was a lot of discussion about how the MCAS results were affected by the state resetting the standards.

Budget Presentations by Cost Centers
Cost Center Managers presented their FY19 budgets to the School Committee. The FY19 budget increase to the Omnibus Budget is $504,723 which is a 3.88% increase from the FY18 budget. The new collective bargaining agreement with a 2.75% Cost of Living Adjustment increases the Omnibus budget salary lines by $411,022 (4.2%) and the total non-salary increases is $93,702 or 2.99% increase. Separate from salary increases, the major factors affecting the non-salary budget for FY19 are snow removal $45K and student transportation $25K.

The Committee asked that the non-salary budget be cut or an offset increased to bring it to a 2.5% increase. It was decided that the Shaw offset to Bromfield Library furniture be increased by $15,000.

SusanMary Redinger made the motion and Nancy Lancellotti seconded to move that we increase the Shaw offset to the omnibus budget by $15,000 and with that amendment, approve the budget as presented.

John Ruark – reported that the Athletic Advisory will be meeting the week after next. HEAC is working on the draft RFP for the classroom lighting at Bromfield. The MASS/MASC conference was great and glad to be able to attend.

Maureen Babcock – DEAC held a very productive meeting. They went through their current survey and made a first attempt at streamlining it. DEAC has 2 empty seats which they anticipate to fill soon.

Linda Dwight reported that the HES play is being held this weekend. Kudos to the Bromfield Boy’s soccer team for winning the district championship and moving onto the state championship. Sad for our previous PTO president Lisa Rosin, her daughter Sophie and their family for their loss.

Jon Green – no update

SusanMary Redinger – thanks to the teachers that showed up for the services for Mark Thompsen funeral. There was a great presence and support from Harvard Public Schools for the family. Capital met this morning and they will be rating the project between now and November 27th. There are more projects than money available. The out years will be tough to get through. Will know more after the November 27th meeting.
