COMMUNITY FACTS

Harvard, with a population of approximately 5778, including Devens residents, is located 30 miles west of Boston in the northeastern corner of Worcester County, and encompasses an area of 26 square miles. The working adults are employed in a wide range of occupations that, for the most part, consist of managerial and professional occupations. The correspondingly high level of education attainment has resulted in a community that values education and has high academic aspirations for its children.
